

A great army - GROUP NOTES

Read Ezekiel 37:1-10

This week I would really love you to spend a good chunk of time worshipping and seeing God for who he really is. Let him take hold of you.

Please encourage your group to find and read out scripture that describes who God is and what he like. There are fantastic descriptions in Psalms, Isaiah, Daniel, Philipians, Colossians and Revelation if you're stuck for places to look. Sing. Pray in tongues. Dance.

When we see him faith comes. Find out from one another what God is giving you faith for now in your life and pray - remember the wind and the waves obey him.

Ask for the Holy Spirit to come. Lay hands on one another and let him breath on you. Prophecy and speak life into one another.
