

## **Group Notes Sunday 3<sup>rd</sup> February**

### **Jesus Walks on the Water Mark 6 45-56**

Peter spoke about the power Jesus has to change lives and situations because He is God.

Start your meeting by reminding everyone that Jesus is THE central truth of Christian faith.

- because He is God He can forgive sin
- because He is God His death was enough
- because He is God He can save
- because He is God He will judge

Now let these truths be the fuel for your worship time together.

Discuss situations when you feel like you're 'rowing against the wind'. (v.48)  
i.e. trying to obey God but the going is tough.  
Spend some time praying for encouragement and breakthrough for each person who is in this situation.

Spend the last 10 minutes planning your next group social to include unsaved friend and pray for Alpha which starts this Wednesday
