

Group Notes Sunday 6th April 2008

This Thursday, 10th April, we are calling all community groups together for our Encounter Night meeting at the Charis Centre from 7.45pm.

Signs of the Kingdom – Mark 7:31-37

The key point from Sunday's sermon was that Jesus came bringing in the Kingdom of God and to demonstrate it on the earth. This demonstration came through healings, deliverance, miracles and preaching the good news.

Share times when you have seen the Kingdom of God (God's rule) breaking in your life or the lives of people you know. This could be in the form of healing, deliverance, salvation etc.

Are there any areas in your lives where you would like to see God's rule breaking in? This could be in the form of healing, deliverance, freedom from hurts etc. Share what these areas are.

Spend some time praying for one another about the areas just shared. This is a great opportunity to pray for those who are sick amongst you or people you know who are sick. It may be a good idea to start this by spending some time reading some of the healing miracles of Jesus to stir faith and expectation
