

Group Notes from Sunday 13th April

Jesus feeds the 4000

Mark 8:1-10

In verse 2 we see Jesus compassion for the crowd that led to Him performing the miracle that followed. Have there been times in your life when you have felt God's compassion for a certain individual or situation? Share the experience.

Jesus multiplied a small amount of food into enough for the entire crowd to eat and so miraculously provided for their need. Are there times in your life when you have needed a miraculous provision from God and he has provided for you? Share your testimony with the group.

Are you facing a situation now where you need God to provided something for you? Share with the group.

Spend some time praying for one another to have more of God's compassion in their lives and also into any situation where someone in the group needs a miraculous provision from God.
